Does any End User or Principal Investigator have an actual or apparent conflict of interest with the listed vendor above?

Yes If yes, describe below.

No

No employee, officer, or agent of the University may participate in the selection, award, or administration of a contract supported by federal funds if a real or even apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, agent, or any member of their immediate family, their partner, or an organization which employs or is about to employ any of the parties involved, has a financial or other interest in the firm selected for an award. Further, the officers, employees, and agents of the University will neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to solicitations and the resulting contracts. An employee, officer, or agent has an apparent conflict of interest if the circumstances are such that a reasonable person would believe that the employee, officer, or agent has a conflict of interest.
